

Scam alert

Communities attention:

Unknown offenders have placed QR code stickers over the legitimate "PAY BY PHONE" QR codes on most of the pay and display car parks in Stafford town centre.

These QR codes take you to a fraudulent website where you will pay online for what you think is your parking fee, when in fact you will have transferred money to the scammer leaving your vehicle without a valid parking ticket. If in doubt, use the appropriate parking App for your location and search for your car park via the App.

The stickers have all been removed as of (24/10/24) by neighbourhood officers. However, attention in detecting persons trying to replace these scam stickers is of concern. If you feel that a sticker is fraudulent, please contact 101 or register your concerns online via the online reporting system.
