

Are you a victim or a witness of crime? Help inform the new Staffordshire and Stoke-on-Trent Victim and Witness Strategy

The Staffordshire Commissioner's Office is working on a new strategy that will set out how the Commissioner and partners will work with victims and witnesses of crime and the support they can expect.

If you live in Staffordshire and Stoke-on-Trent and have been a victim or a witness of crime, tell us what's important to you.

We've made a survey that should take no longer than five minutes to complete and is completely confidential.

The data from the survey will be collated and analysed and used to help decide what the final strategy should look like and say.

Complete the survey before Monday 18

November → <https://www.surveymonkey.com/r/STAFFSVWNA>
